SECRET SENSITIVE

TO: WHITE HOUSE
SITUATION ROOM

FROM: USLO PEKING [REDACTED]

3.3 () () 254
E.O 12958 as amended

EYES ONLY FOR GENERAL SCOWCROFT FROM JOHN HOLDRIDGE

1. Please disregard my letter to you of May 19 on backchannel communications. Special channel is now established, although as noted in letter some problems exist such as small size of communications center and need to carry out all procedures by hand.

2. Please explain to HAK that USLO NODIS 121 sent prior to establishment of special channel, but that all future messages of this nature will be handled via this channel.

3. Is "voyager" the designation which we should use for messages to the White House? We would appreciate more specific instructions on use of these communications.

4. [REDACTED]

E.O 12958 as amended

5. Warm regard.
